ART STONE INC

Our Company

Pacific Art Stone Incorporated was founded in 2006 in Surrey, British Columbia. Over the last 10 years, the company has become the leading manufacturer and importer of architectural stone with an unwavering reputation for high quality products and outstanding customer service. Pacific Art Stone continues to leverage its industry knowledge and passion for creating authentic products by expanding its product line. Today, Pacific Art Stone is recognized as a leader in quality and innovation in Western Canada and the Central and Northwestern United States.

With the success of our Altera Collection launch in fall of 2014, Heritage Collection from Provia, Brick and manufactured products, which are known for both their beauty and their affordability, Pacific Art Stone is proud to introduce the latest collection "Ardesia Collection". Ardesia Collection is a collection of modular natural stone panels from India and Southern Asia.

For more information and a full display of all our stone collections, please visit our website:

Westlakes Collection

A modern, multi-story house with a stone veneer ground floor, wood siding upper floors, and large glass balconies. The house features a mix of materials including stone, wood, and glass, set against a clear blue sky. The architecture is contemporary with clean lines and a mix of textures.

The Westlakes Collection is Pacific Art Stone's latest natural stone veneer collection introduced for the 2017/18 season. With this collection, we desired to create a line of stone veneer that was reminiscent of the beauty of the Pacific Northwest, from the windswept beaches of the coast to the sprawling mountain ranges of the Rockies and everything in between. This collection continues to strive towards Pacific Art Stone's ideals of bringing beautiful, affordable, and premium quality building materials to the marketplace. The Westlakes Collection is composed of a variety of Quartzites, Granites, Marbles, and Limestones, and we have meticulously honed the design of this collection to ensure that it is suitable for a wide array of projects, trends, and tastes.

Altera Stone Collection

Originally introduced in 2014, our Altera Stone Collection has been refreshed for the 2017/18 building season with two new profiles in addition to the original three. The Altera Stone Collection is a collection of elegant sandstone and quartzite products with an antiqued finish that adds warmth and class to any project. The superior quality and workmanship of this collection will ensure your project remains beautiful for many years to come. The Altera Stone Collection also is designed to ensure that colours and profiles can be blended to allow additional customization necessary for the unique requirements of your project.

Highlands Collection

A modern two-story house with a garage, stone and wood siding, and large windows. The house features a mix of materials including light-colored stone, dark wood, and white panels. It has a prominent front porch with a black railing and a large window on the second floor. The house is set against a backdrop of trees and a cloudy sky.

The Highlands Collection is our most approachable and easy-to-install collection. Composed of natural stones from around the world, this collection is designed to be very affordable without compromising on quality in any way. Designed in a panel format, this collection includes our L-shape corners manufactured to our specifications to ensure they can withstand any climate.

Limestone Collection

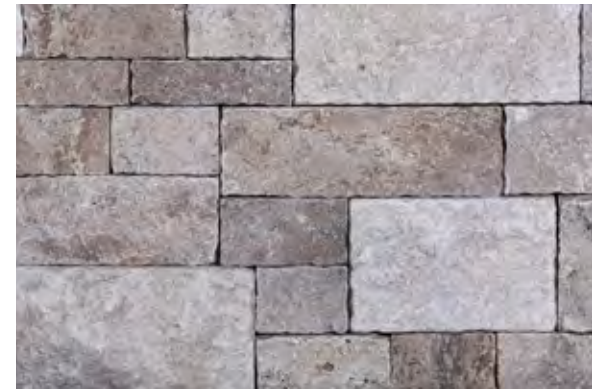

Limestone Collection is a premium quality natural manufactured stone veneer line that features a blend of natural and cream and black colour limestone in our Castle stone blend and specially selected quarried larger format pieces chosen for its purity and clarity. Each stone has been precisely cut into rectangular form. All stones are chosen for their features, exact detailing in texture, colour and styled to express its true nature. Limestone offers the subtle beauty that is ideal for interior and exterior application.

PAS Manufactured Collection

Designed to offer our clients an affordable alternative to an array of manufactured stone products in today's marketplace, our private brand is designed to be an extremely affordable collection that does not compromise on specifications, quality, or colour in any way. Our most popular collection, we continue to build on the success and prevalence of the PAS Stone Collection with new colours and profiles every year, ensuring it remains contemporary and stylish.
